

# APPLIED PROJECT MANAGEMENT CERTIFICATE

---

Master core project management skills to  
participate in, and lead, projects

THE UNIVERSITY OF  
**WINNIPEG**

Professional, Applied and  
Continuing Education

## WHO IS THIS PROGRAM FOR?

The Applied Project Management Certificate is designed for individuals with a desire to enhance their education and gain the foundational knowledge and skills needed to successfully manage projects of any size. Learn how to manage projects that stay on time, on budget, and within scope with this applied certificate.

## HOW CAN THIS PROGRAM FIT WITH MY CAREER GOALS?

The Applied Project Management Certificate can be taken fully online, giving students the flexibility to earn this university-level credential while juggling a busy life. The courses are interactive, taking students through the project management life cycle, using up-to-date research, case studies, readings, and real-world practice.

## HOW CAN THIS CERTIFICATE HELP ME

Through this in-depth certificate, students gain the knowledge, skills, and confidence to move into management roles by grounding their experience with the hands-on skills. By mastering planning, cost estimates and budgeting, communication strategies for stakeholders, and monitoring and controlling projects, graduates are positioned to take on key roles to lead projects regardless of their work environment.

**With only five courses - you can complete this program in just over one year. UWinnipeg alumni receive a 10% discount.**

# NO MATTER THE INDUSTRY THE SKILLS OF A PROJECT MANAGER ARE NEEDED

This program consists of five courses that prepares students to lead and manage projects. Students are systematically taken through the project management lifecycle using a variety of assessments and case studies. Tailor the learning process by choosing one of four electives to enhance your skillset, no matter the industry.
