

MASTERS CERTIFICATE IN PROJECT MANAGEMENT

The undisputed industry standard for advancing
senior-level careers in project management

THE UNIVERSITY OF
WINNIPEG

Professional, Applied and
Continuing Education

WHO IS THIS PROGRAM FOR?

The Masters Certificate in Project Management is for project managers in any industry that wish to move up to a higher level—typically, mid and senior-level project managers who will be leading more complex projects. It is also perfect for those that do not have their PMP® designation and wish to consolidate and certify.

HOW CAN THIS MASTERS CERTIFICATE HELP ME?

The Masters Certificate in Project Management is specifically designed to advance career growth opportunities in a short period of time. Through this program, you gain the knowledge, skills, and confidence to fill senior project management or leadership positions by systematically working through the project management cycle.

HOW CAN THIS PROGRAM FIT WITH MY CAREER STRATEGY?

The course is team-taught by real-world experts from across North America. It provides students with great networking opportunities and experience-sharing to reinforce learning. The knowledge you gain can be applied immediately in a project and operational environment. Taking past and new skills to the next level, students gain exposure to practical tools, strategies, and best practices for being an effective project manager and meeting organizational challenges.

In a recent survey of our graduates, we learned that over half go on to write the PMP® exam and over 98% pass on the first try.

PREPARING STRATEGIC LEADERS TO CONSISTENTLY GUIDE PROJECTS TO SUCCESS

The Masters Certificate in Project Management is a ten-module, 18 day program that uses case studies, lectures, simulations, and in-class exercises and discussions to teach you timely, pertinent topics.

This course format appreciates the strict time limitations of today's corporate employees and encourages active learning. The program generally runs in two-day modules. Between modules you'll have ample opportunity to apply what you've learned to your real-life project environment.

WHAT OUR GRADUATES SAY ABOUT THE PROGRAM

“By far, the best program I have taken over my 20 years of post-secondary education— from the course content to the knowledgeable and experienced instructors.”

—Maria Vokey, Granny’s Poultry Co-operative

“The requirement to effectively work as a team throughout the course and in the final simulation was essential to solidify and enforce the knowledge learned. An extremely beneficial experience.”

—Dr. David W. Hatcher, Research Scientist/Program Manager, Asian Products, Grain Research Laboratory, Canadian Grain Commission

“The program provided effective tools and templates that apply to all projects, allowing me to take the classroom exercises and apply them to existing projects.”

—Sheila Yosyk, Regional Administration, Corporate Services with the Aboriginal Affairs & Northern Development Canada, Government of Canada

“I paid the enrolment fees for this program—as a career investment in myself. I am extremely pleased with the positive impact it has had—both personally – and professionally! It’s an investment that I would happily make again! Would I recommend the MCPM program to others? A resounding YES!”

—Debbie Rhymer, Organization Change Management (OCM) Consultant
