Career Development Practitioner Certificate Program Online

The Career Development Practitioner Program is an innovative new program initiative offered in partnership with Manitoba Jobs and the Economy to train individuals in the area of career counselling. This program provides professional training to career development practitioners; this occupation includes education and employment counsellors who help individuals manage their career paths. Practitioners may specialize in career counselling, training, research, marketing, human resource development, and organizational development.

Getting Started - Enroll in the program:

Submit a completed Application for Admission Form to the PACE Registration Office.

Career Opportunities

Career Development Practitioner is an umbrella term that refers to any direct service provider in the career development field. This includes, but is not limited to:

- Career Counsellors
- Career Educators
- Career Information Specialists
- Career Management Consultants
- Career Practitioners
- Rehabilitation Counsellors
- Work Development Officers
- Employment Support Workers
- Work Experience Coordinators
- Job Developers
- Placement Coordinators
- Career Coaches
- Vocational Rehabilitation Workers

Tuition

\$4,800

Tuition includes all course materials.

Academic Advising

From the program page on the website, click on the **Courses and Descriptions** link to obtain more information about individual courses and their prerequisites. To customize an individual learning plan, please contact: pcept@uwinnipeg.ca

Program Duration

This program runs from September - the following December (i.e. Sept 2016- Dec 2017).

There are one-week breaks between courses, and no classes over the summer (July-August).

Eligibility Requirements

General PACE, eligibility (grade 12) plus at least 2-years of career development related work experience.

Program Requirements

Required Courses (270 hours)

- **Career Development and Counselling Theories**
Students will gain an informed foundation and theoretical context for their career development practice.
- **Career Development and Counselling Process**
This course builds core skills and specialized counselling techniques needed to effectively build a working alliance with clients and deliver employment-counselling services.
- **Assessment Instruments**
Students will gain hands-on experience with a range of standardized and non-standardized assessment approaches and tools.
- **Work Search**
Students will learn how to assess work search needs and support the work search process.
- **Ethical Practice in Career Development**
Students will gain the theoretical and reflective foundation necessary for ethical service delivery.
- **Career Development and Counselling Challenges**
Students will gain the core skills and knowledge needed to effectively respond to common challenges in the delivery of client services.
- **Facilitating Client Learning**
Students will gain the knowledge, skills, tools and techniques they need to effectively help their clients learn.
- **Using Labour Market Information in Employment Counselling**
This course prepares students to better access, understand and apply labour market information (LMI) in their work with clients.
