- The average cost of living in Winnipeg is about \$800/mthly for a one-bedroom apartment off-campus. There is also on-campus housing, which is about \$500/mthly for a studio.

# How We Are Different

PACE offers professional and applied post-degree level programs. We serve those who wish to specialize in specific areas, and are focused on their goals. PACE graduates enjoy a high employment rate and are very satisfied with their education.

## THE PACE ADVANTAGE

The advantage we have over the competition is due to the intense academic rigor we adhere to, blended with hands-on experience throughout the programs. These two important elements enable our students to learn much more in the same time frames and make them better qualified for employment upon graduation.
